Security

Temporary fence creates an economical and secure barrier against trespassers and for those wanting to limit public access.

Savings

Rent-A-Fence can be installed quickly and at a fraction of the cost most other fence alternatives charge.

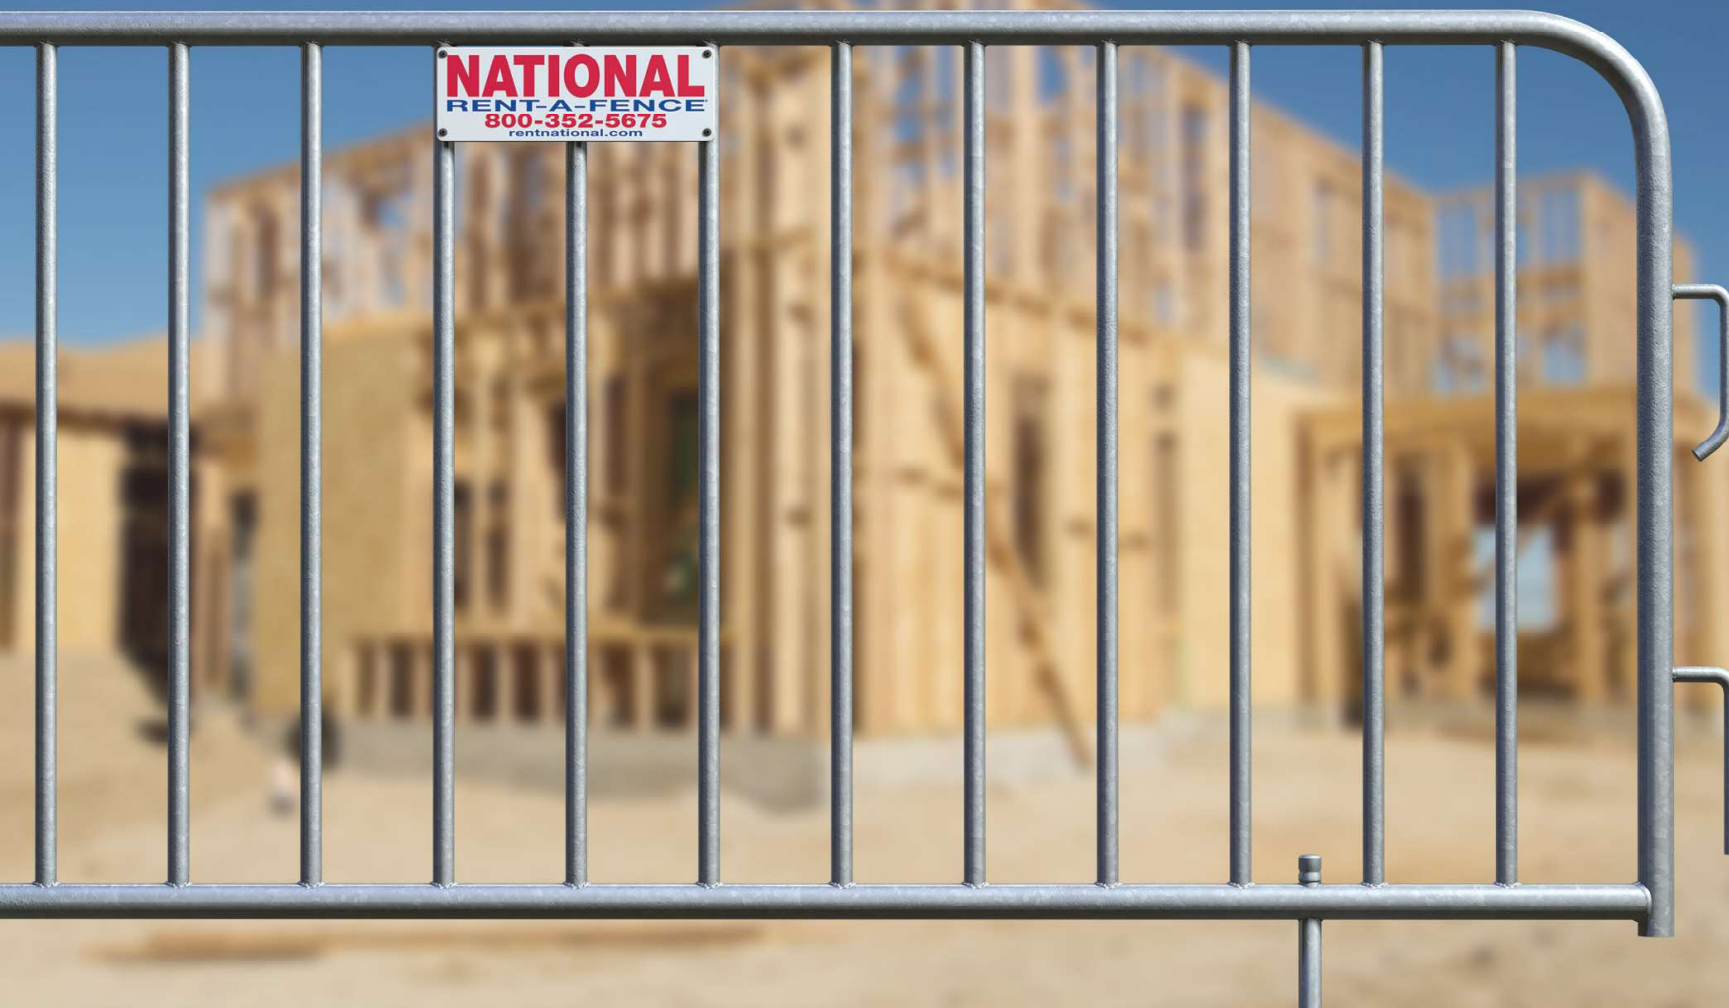

Options

Whether you require in-ground posts, panels with stands, top rail, windscreen, gates and more, National has it!

Barricades

Flexible Control

National Construction Rentals' barricades are a perfect tool for limiting public access and for protecting valuable equipment and materials.

Convenience

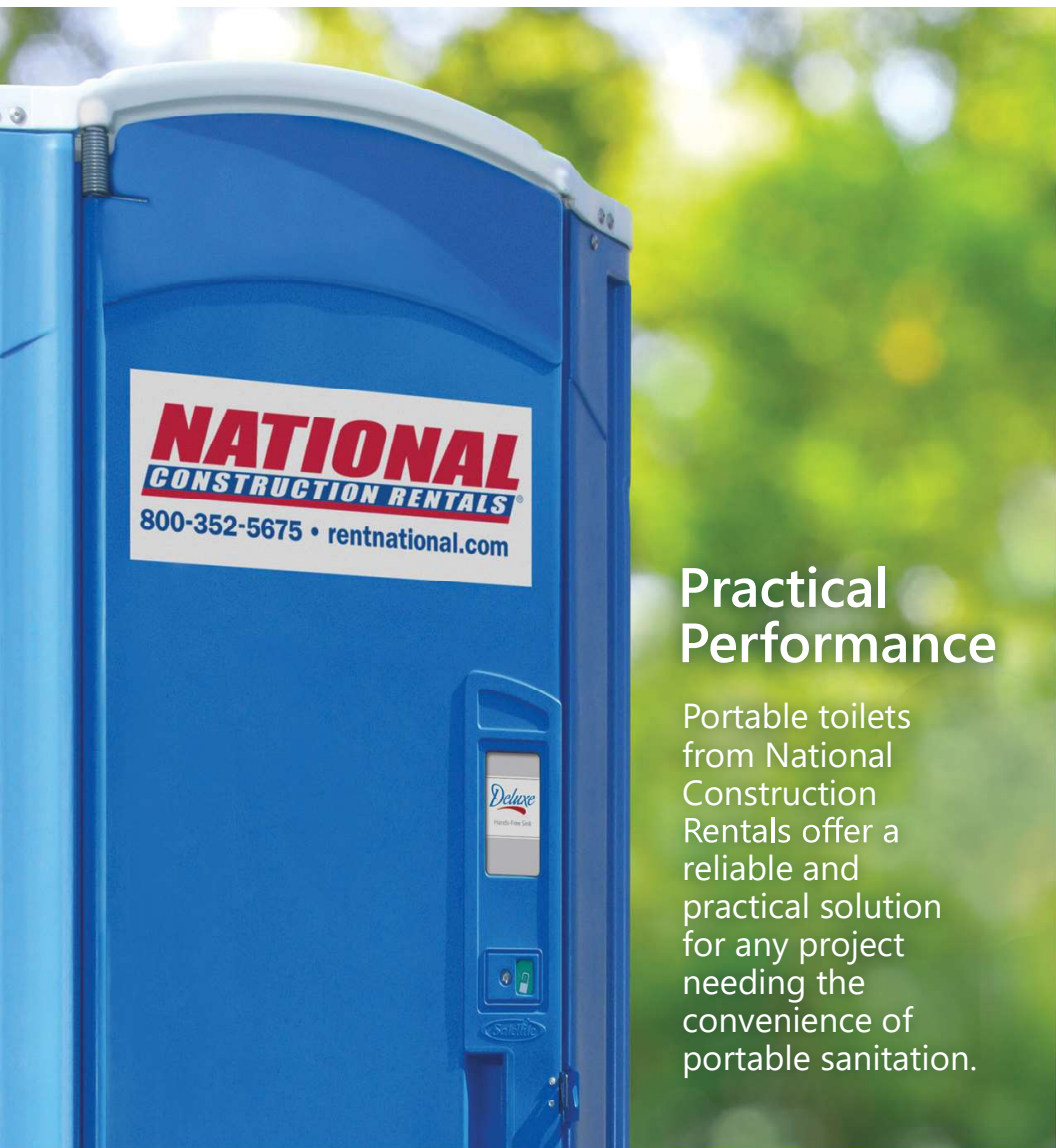

National's barricades are portable, light-weight and interlocking for added stability and peace of mind.

Security

Barricades are very useful for keeping individuals away from restricted areas and dangerous equipment.

Durability

Each barricade is made of heavy-duty steel with a corrosion-resistant galvanized finish, perfect for a variety of uses.

Practical Performance

Portable toilets from National Construction Rentals offer a reliable and practical solution for any project needing the convenience of portable sanitation.

Clean

Available with a variety of options, National porta potties and restroom trailers are among the newest and cleanest in the industry today.

Reliable

National portable restrooms are a readily available resource for construction, events and disaster relief efforts.

Portable

Needing only a level surface, delivery and installation from National is easy, whether for a small work force or a large crowd.

Restroom Trailers

Commercial to High Class

Restroom trailers are a roomier and upscale version of traditional portable toilets. National Construction Rentals offers a variety of restroom trailers, from basic to upscale, and with options for commercial use to black tie affairs.

Climate Controlled

Our restroom trailers come equipped with all the comforts of home ... heat for cold weather climates, air cooled for warmer weather.

Upscale Experience

All National restrooms trailers offer well-lit interiors. While some are basic, others offer an upscale and first class atmosphere for special occasions.

Spacious & Private

Each restroom trailer has interior lighting, spacious stalls and urinals. Our higher-end models include dual sinks, vanity mirrors and more.

Smart Storage

Mobile Storage Containers from National Construction Rentals are a safe, secure storage solution for valuable tools, equipment and materials.

Strength

Constructed of weather-resistant 14-gauge steel, our storage containers are built to survive nearly anything Mother Nature dishes out.

Safety

With the convenience of ground level access and non-slip wood flooring, loading and unloading of equipment and materials is a breeze.

Security

Whether your needs require a 10', 20' or 40' unit, each mobile storage container comes equipped with a robust, secure lock box to deter theft.

Temporary Power

Controlled & Reliable

Available exclusively in California and Nevada, Temporary Power from National Construction Rentals is a safe, affordable and reliable power source, perfect for your next construction project.

- Transformer Installations
- Permitting Services
- Loop Systems
- Power Poles Up to 30 ft.
- Underground & Overhead Installs
- Spider Box Installations
- 3-Phase Equipment
- Planning Consultations

Experience

National's power technicians are experts in the installation of overhead and underground systems, and a variety of options.

Options

National is adept with single and 3-phase systems, loop systems, telephone wiring, commercial stand up cabinets, and more.

Savings

Under the right scenario, temporary power is a smart and low-cost alternative to other options on the market today.
