Home Energy Jumpstart Program

Free energy-saving products for your home – plus a \$150 bonus rebate on select products.

The **Home Energy Jumpstart Program** is offered in partnership by Peoples Gas, North Shore Gas and ComEd. Homeowners can reduce their energy and water use with free installation of these products. Call **855-849-8928** to see if you qualify.

Programmable Thermostats

Raise and lower temperature automatically, limiting the amount of energy used when you aren't home or are asleep.

Pipe Insulation

Keeps water in your hot water pipes warm longer, helping you lower water consumption and reduce the energy used by your hot water heater.

Showerheads

Use less water than traditional showerheads, which means you'll use less energy heating water for showers.

Compact Fluorescent Light Bulbs (CFLs)

Use about 75 percent less energy and last at least 10 times longer than incandescent light bulbs.

Faucet Aerators

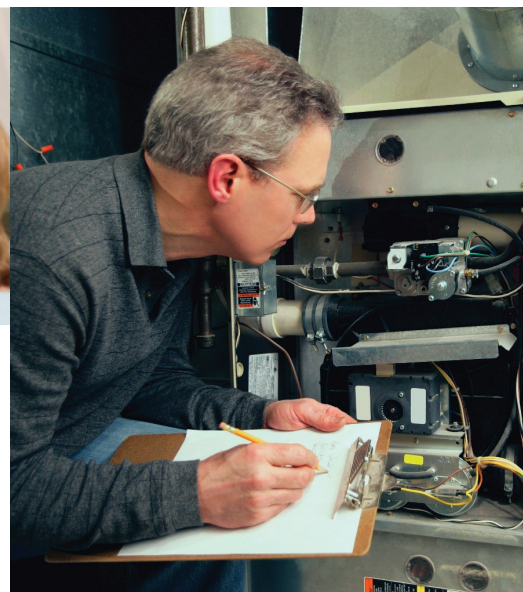

Use up to 30 percent less water than standard faucet aerators, helping you save water and the energy used to heat it.

Participants in the **Home Energy Jumpstart Program** also can receive a **\$150 bonus rebate** in addition to standard rebates on qualifying furnaces and boilers through the **Home Energy Rebate Program**.

Call **855-849-8928** to get started. Please have your ComEd and Peoples Gas or North Shore Gas account numbers available.

Home Energy Rebate Program

Cash back for high-efficiency HVAC products, water heaters and attic insulation.

Get rebates for qualifying home upgrades through the **Home Energy Rebate Program**. Owners of single-family homes, two-flats and individually-metered condos and townhomes can receive rebates of up to:

- **\$750** for high-efficiency boilers
- **\$500** for high-efficiency furnaces
- **\$500** for duct sealing
- **\$500** for attic insulation projects
- **\$250** for tankless and indirect water heaters
- **\$20** for programmable thermostats

When you replace your old furnace or boiler with a qualifying high-efficiency model, you can pair a rebate with low-interest financing through the **Illinois Energy Efficiency Loan Program**.

Call **855-849-8928** or contact your preferred contractor to get started. More information is available at peoplesgasrebates.com and northshoregasrebates.com.

Note: New equipment must be installed and old equipment removed. Only new products that meet the energy-efficiency specifications listed on the Residential Home Energy Rebate Program applications qualify. Complete terms and conditions can be found on the application, available at peoplesgasrebates.com and northshoregasrebates.com.
